Hi Russell,

Thanks for sending the times that you are available.

Sorry, but they haven't let us know what they want to discuss.

Melissa:

My email is having issues today and am getting bounce backs on sent emails. Sorry if you get the same message multiple times.

But I am OK with using the phrase "generally are" in place of "are" in the document, since it is a non-binding Guidance

And I am available for the DOJ telecon on January 3, 7, and 8. Do we have an idea of what it is they want to discuss?

FYI: I'm working offsite today and I have a doctor's appointment at 2 pm. So I will be incommunicado between 2-4 pm today.

I'm going to send it around to the workgroup after we talk with OMB this morning.

Melissa:

I'm OK with this language. Is OGC on board?

Russell,

This is the language that Angela and I talked about adding to the FR Notice -

Ex. 5 Deliberative Process (DP)

Wynne:

In response to your request, I propose the following text be added at the end of the Executive Summary of the Plant Biostimulants Guidance:

Ex. 5 Deliberative Process (DP)

What do you think?
